HAVE IT ALL AT ALAM SUTERA

PT Alfa Goldland Realty is a subsidiary of PT Alam Sutera Realty Tbk ("Alam Sutera"), a leading integrated property developer in Indonesia that started its development in 1994. Alam Sutera focuses its business activities on the development and management of residential, commercial areas, and the management of the shopping centers, leisure centers, and hospitality. Since 2007, Alam Sutera has been listed on the Indonesia Stock Exchange (IDX: ASRI).

The Company has a vision of becoming the best property developer that focuses on utilizing innovation to enhance the quality of life. The Company strives to build comfortable, healthy, and secure communities by emphasizing the one-stop-and-eco-friendly living concept in every development project. For more than two decades, Alam Sutera has developed many projects in Indonesia, among others the Alam Sutera Township, Suvana Sutera Township, Ayodhya by Alam Sutera, GWK Cultural Park, Paddington Heights Apartment Towers, The Tower Office Building, and The Prominence Office Tower.

Enhanced Security

Keeping your family safe is our number one priority. Our security system does not only rely on well-trained staff and protocols, but also on our advanced security technology, featuring Electronic Gates, CCTVs, Panic Buttons, and a Central Command Center to provide reliable safety, security and emergency responses for our residents.

Accessibility & Connectivity

Our masterplan upholds accessibility and connectivity, internally and to its surrounding. It has direct Toll Road accesses, which connects to Jakarta and Greater Areas. It also features remarkable internal connectivity with access roads, pedestrian and bike lanes, and Suteraloop, a public transport for in-town commutes.

Green Living

We believe in sustainable living, where developments are built in harmony with the nature, and not against it. This township promises a nature enriched environment, with the abundance of lush open spaces, Green Tunnel, interconnected Pedestrian, Bike Lanes, and other green living facilities, such as bike parking and neighborhood gardens.

World Class Amenities

As an independent township, Alam Sutera promises major amenities for its citizens with sensational selections of modern amenities from business & commercial districts, office towers, schools & universities, hospitals, to shopping, lifestyle and entertainment centers.

Sense of Community

To nurture a sense of community, our development combines a holistic approach to its physical and non-physical aspects, focusing in civic spaces and communal facilities, such as parks, sport lounge, to policies and activities like the car free day, festivals and events.

Welcome to **ELEVEE**

EXCEPTIONAL LUXURY IN ONE PLACE

EleVee puts forward three essential aspects, namely urban living, healthy lifestyle, and elegance of nature. Rising opulently into The Alam Sutera's area skyline, the building's impressive design anchors the tone for the luxury that awaits within. EleVee is built on a 4 hectares area (within a total area of 19 hectares) and 70% of open space.

Along with its world-class facilities, this luxurious apartment also has a healthy surrounding due to its location next to a blissful forest park with lush greenery linked to our mental, physical, and psychological health improvement.

EXQUISITELY CRAFTED BY BroadwayMalyan^{BM}

For over 60 years, Broadway Malyan has been growing and developing strong reputations among numerous sectors such as services in Urban Design, Masterplanning, Architecture, Landscape Design, Interior Design, Branding and Graphics, and Signage and Wayfinding from 14 Studios across the globe.

Ben Somner

Practice Principal at Broadway Malyan, Design Director, RIBA Architect

The Tower

Best Large Residential (LABC London Building Excellence Awards 2014), Best Luxury Home (Evening Standard New Homes Awards 2014), Best Tall Building Europe (Nominated - CTBUH Awards 2014), Hard Landscaping Construction (British Association of Landscape Industries Awards 2014).

Mann Island

The award-winning Mann Island mixed-use scheme sits at the heart of Liverpool's Mercantile World Heritage site and reconnects the city center to its historic waterfront via a sequence of three new buildings and public spaces. Along with its achievements such as Winner - RIBA North West Awards 2015.

Al Bandar

Situated within the prestigious Al Raha Beach Development in Abu Dhabi, Al Bandar epitomizes community - focused luxury waterside living. Awards: Best Apartment (CNBC Arabian Property Awards 2011).

Fluid Landscape & Open Spaces Amenities

Landscape design adopted a fluid and informal language, akin to a lush and dense forest. High-quality open spaces at various scales are designed across the development, allowing for community interaction of different scales. An urban farming area concept is also included in the design.

Efficient & Flexible Layout

Our design ensured good-sized units with a flexible layout that can accommodate space for a home office or study room.

Excellent Ventilation & Natural lighting

We have designed all common areas and units to be well ventilated and well lit naturally. Balconies with good depth are designed for every unit to create a seamless flow between the "outside" and "inside."

Smart Façade Strategy

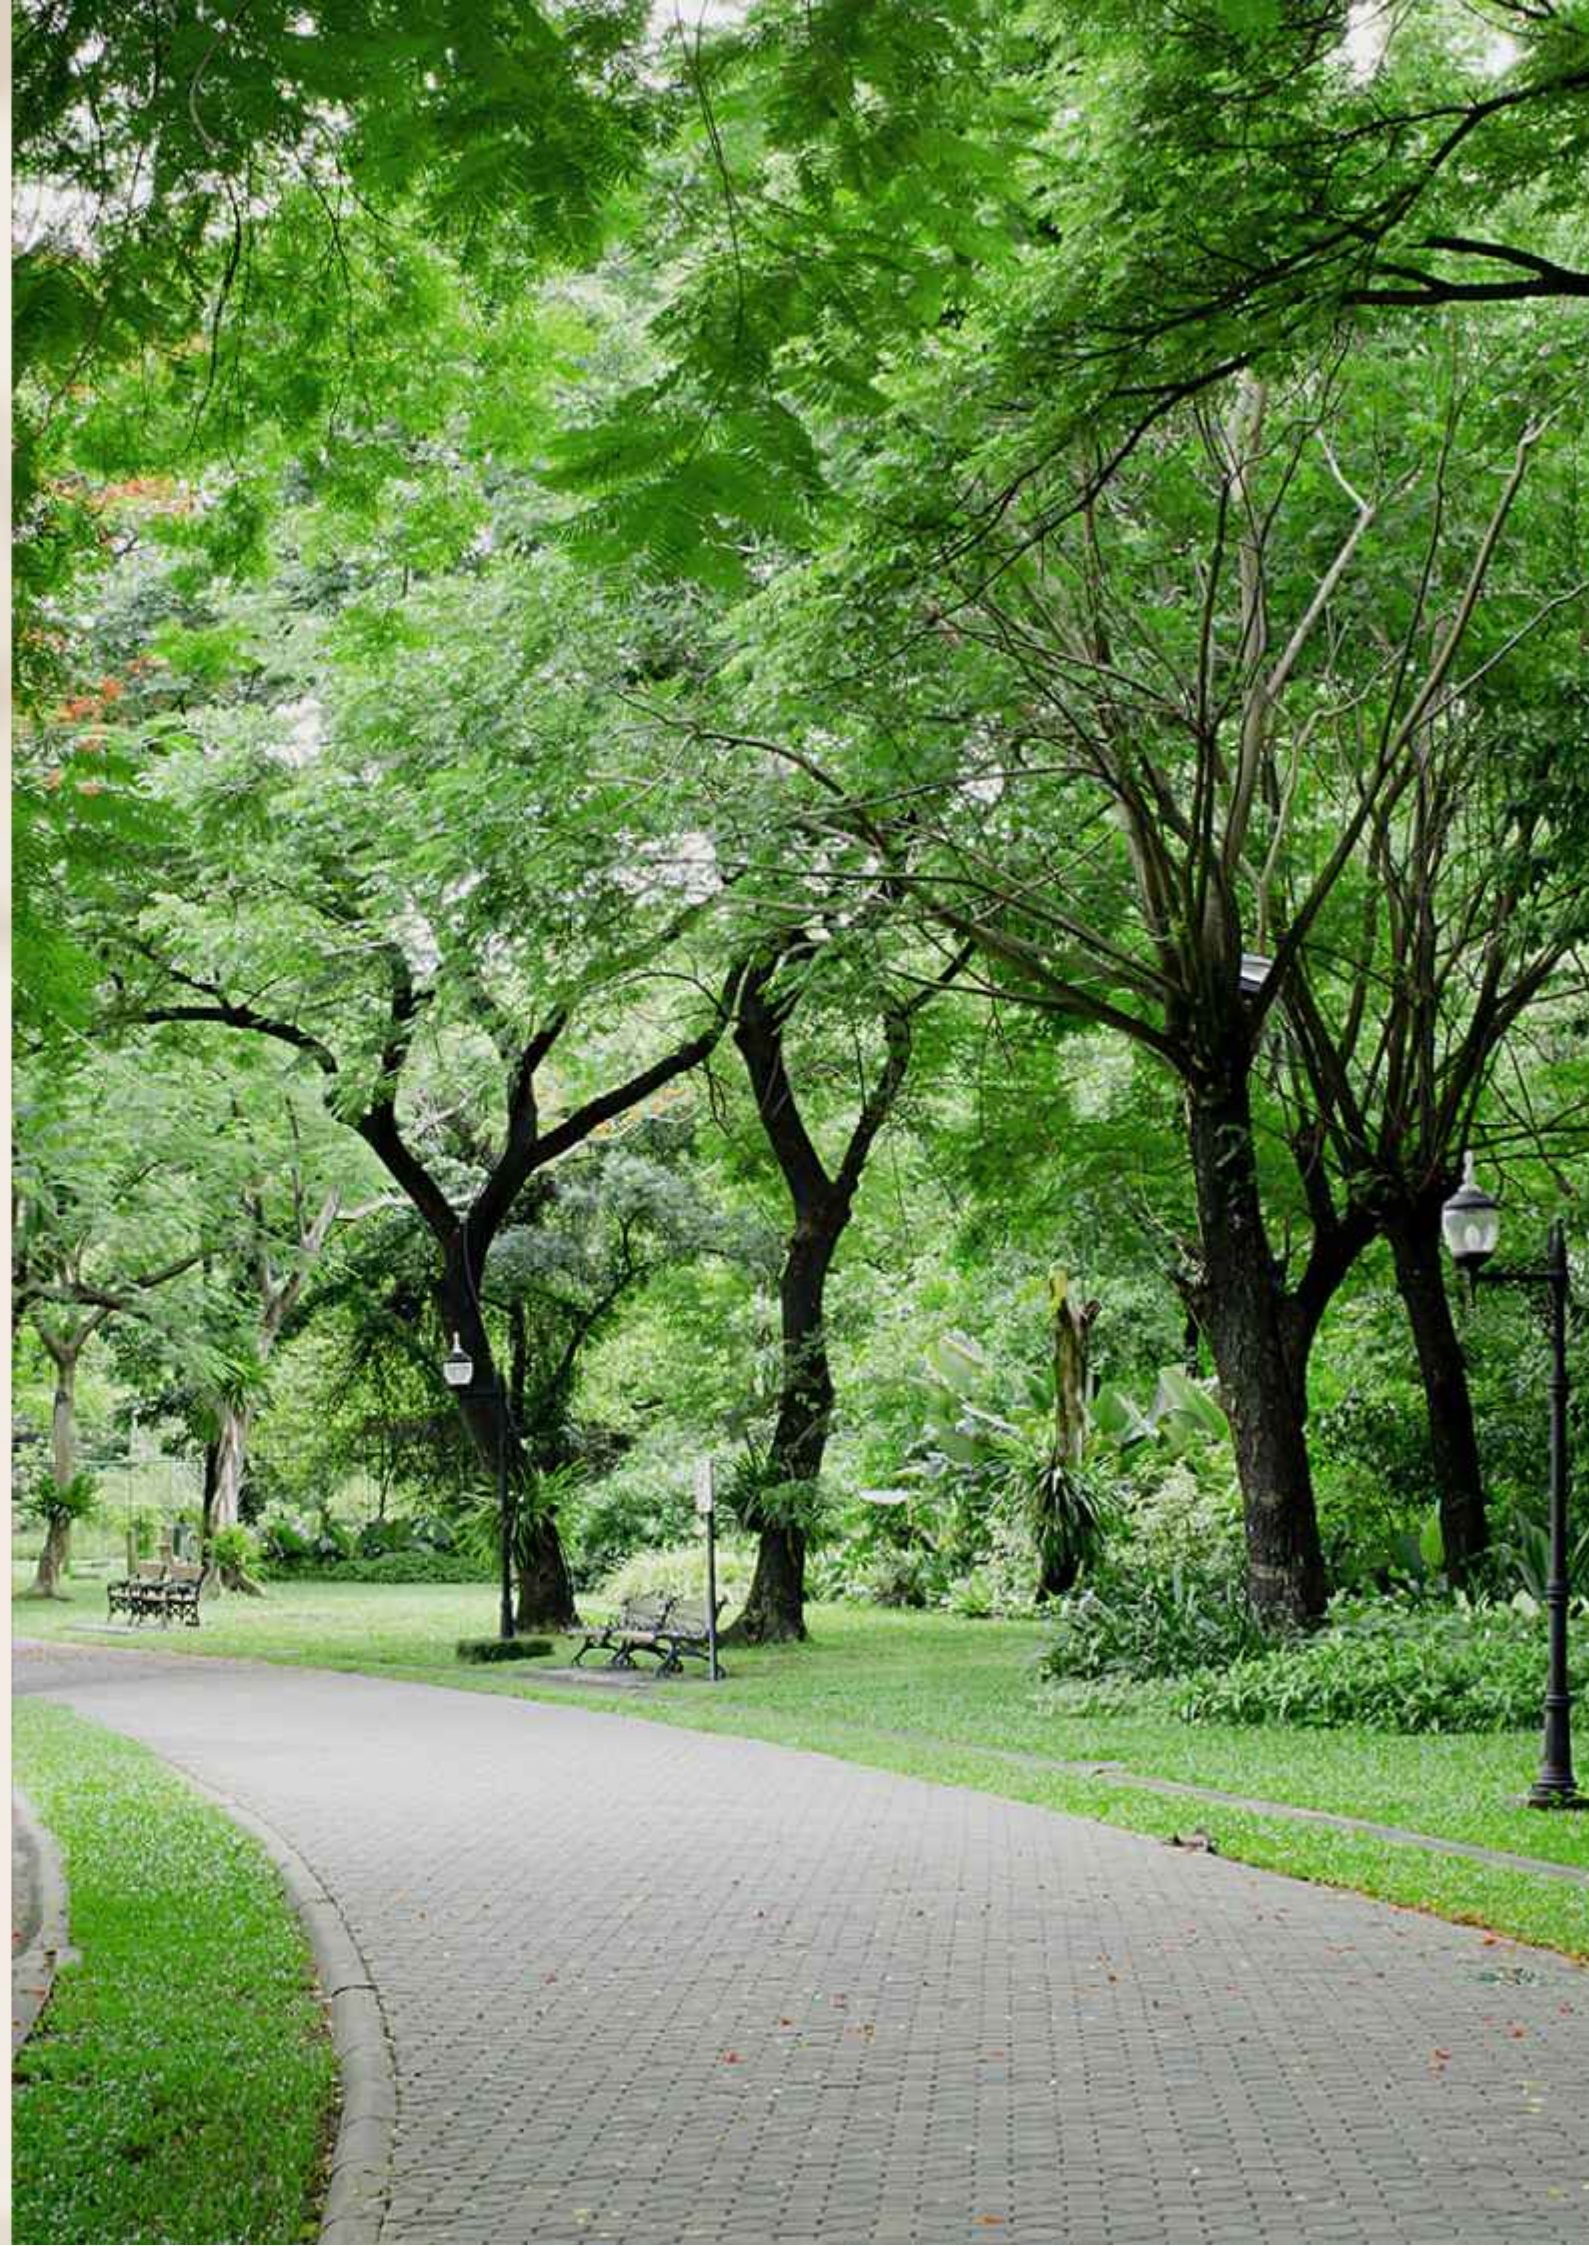

Striking the balance between efficient layout and uniqueness of design, our façade strategy looked at opening up the Gable Wall. This façade treatment breaks up the "blockiness" of the buildings and allows for more vista and natural cross-ventilation while providing shade.

BLISSFUL LIVING WITH FOREST PARK

Imagine waking up to the verdant greenery outside of your window, breathing in clean air delivered by thousands of trees in the forest park around you and enjoying perfect facilities in the luxury of your own space.

EleVee is Alam Sutera's latest sustainable development project. Due to environmental concerns, especially in Jakarta, we are committed to plant 3,500 trees to create an urban forest. Hopefully, it will also contribute further to fight climate change and create a healthier environment.
