

AUSTINVILLE

by the developer of *Villa* Puncak Tidar

Austinville

Was built in 2016, on an area of 20 Ha and 650 MASL, which is located at Dieng Atas, the western part of Malang City.

Austinville has a stunning *modern-minimalist* design and surrounded by a *cool-natural* environment with a breathtaking view and the mountains contour.

Austinville has main access through Villa Puncak Tidar and can be reached from Malang City and Batu City. It's a strategic location that you can easily reach center amenities, such as educational centers, shopping centers, and medical centers.
